I think those plugs (on the power poles) work.

Augie,

Just an update on the Kiosks, I went down with clean San Pedro this morning.

Still 2 locks we cannot cut. I marked them with Black Sharpies.

We will need to either provide a power source (generator or plug down by water fountains) for clean san pedro to use a disc cutter saw OR have Port police/port equipment cut the last two locks.

Would take < 5 minutes of someone's time with right equipment.

Let me know your thoughts and thank you in advance!
